

**Giarimi Design introduce the perfect rum tasting glass, developed in collaboration with Duane Dove, a sommelier with a passion for aged rums and fine chocolates.**

The elegant crystal glass, which we have named “**Cane Tulip**” after its engraving inspired by sugar canes, comes in a beautiful box printed in chocolate brown and gold.

**Duane Dove**, a sommelier has his own cacao plantation – **Tobago Cocoa Estate W.I. Ltd** – the only one of its kind in Tobago. There visitors can experience old traditions and the unique cacao harvest, which will soon become chocolate of the highest quality. The combination of high-quality dark chocolate and aged rum is a major culinary experience.
